LICENSE AGREEMENT FOR EVALUATION EDITIONS OF PROSYS OPC UA JAVA SDK

Proslys OPC UA Java SDK is copyright (c) by Proslys OPC Ltd, all rights reserved. This software and accompanying documentation are protected by international copyright law and also by International Treaty provisions. Any use of this software in violation of copyright law or the terms of this agreement will be prosecuted to the best of our ability.

You acknowledge that all rights with respect to Proslys OPC UA Java SDK, including but not limited to, all of Proslys OPC Ltd's and/or its licensors' intellectual property rights therein, are and shall be, the exclusive property of Proslys OPC Ltd and/or its licensors. Nothing herein shall give you any right, title or interest in or to Proslys OPC UA Java SDK or any portion thereof. You will receive no licenses except as expressly granted in this Agreement. Proslys OPC Ltd does not grant you any expressed or implied rights to or under any patent, copyright, trademark, or trade secret of Proslys OPC Ltd. You may not reverse engineer, decompile or disassemble the software.

You shall restrict your use of the evaluation edition of Proslys OPC UA Java SDK and OPC Foundation Java Stack and additional open source components for evaluation purposes only. You may not use the software for commercial purposes. Any feature of the software is subject to change without notice. You may install and use the software on computers accessible only by authorized employees of your organization, solely for evaluation purposes during the evaluation period. Evaluation period starts from the date you have first time downloaded the software or received an account to access the software or otherwise received the software, whichever is the earliest. The evaluation period is 60 days and any use after 60 days shall be considered commercial use unless otherwise agreed in written. After the 60 days evaluation period, you must remove the software and related documentation without delay. If you continue using the software or do not remove the installation and related documentation, you agree to purchase and pay a valid license of the software.

If you are an educational non-profit institution and you have got a separate written permission from Proslys OPC Ltd, you may use evaluation edition of Proslys OPC UA Java SDK also for educational purposes.

You are not allowed to distribute materials produced by Proslys OPC UA Java SDK, regardless of the way how such a distribution takes place. You are not allowed to modify any material produced by Proslys OPC UA Java SDK, including but not limited to computer files which were created as a result of the usage of Proslys OPC UA Java SDK. You are not allowed to sell, rent, lease or otherwise use commercially files or parts of files, which were created by Proslys OPC

UA Java SDK. Under no conditions you may remove the copyright notices made part of the software or documentation.

You may not copy or distribute Proslys OPC UA Java SDK or OPC Foundation Java Stack. You must comply with this license agreement and separate license terms of the OPC Foundation. Use of OPC Foundation Java Stack and Proslys OPC UA Java SDK require open source components Apache Logging Services, HttpComponents, Commons Logging Component, Commons Codec, Simple Logging Facade for Java (SLF4J) and BouncyCastle, and therefore you shall comply with respective open source license terms.

Parts of the evaluation edition code are not considered to be at the level of performance and compatibility of the final, commercially available product offering. Such code may not operate correctly and may be substantially modified prior to commercial release. Proslys OPC Ltd is not obligated to make any evaluation edition code commercially available.

The software is provided "as is" without warranty of any kind. To the maximum extent permitted by applicable law, Proslys OPC Ltd further disclaims all warranties, including without limitation any implied warranties of merchantability, fitness for a particular purpose, and non-infringement. In no event shall Proslys OPC Ltd be liable for any consequential, incidental, direct, indirect, special, punitive, or other damages, even if Proslys OPC Ltd has been advised of the possibility of such damages.

Proslys OPC Ltd may include different practical limitations to the evaluation edition of Proslys OPC UA Java SDK. Limitations may include (but not restrict to) time limited use of the software or materials produced by the software. Practical limitations may appear in the software, documentation and materials produced by the software. In any case Proslys OPC Ltd has the absolute right at any time to terminate this license with immediate effect.

All Proslys product names are trademarks or registered trademarks of Proslys OPC Ltd. Other brand and product names are trademarks or registered trademarks of their respective holders.

These terms also apply to any updates, supplement, Internet-based service and support services for the software.

This agreement shall be governed by and construed under the laws of Finland excluding the rules of conflicts of laws of the Finnish legislation. Any dispute, controversy or claim arising out of this agreement shall be resolved in the district court of Helsinki.

By installing or by using Proslys OPC UA Java SDK, you agree to the terms applicable to your edition and license.

LICENSE AGREEMENT FOR CLIENT BINARY, CLIENT SOURCE, CLIENT & SERVER BINARY AND CLIENT & SERVER SOURCE EDITIONS OF PROSYS OPC UA JAVA SDK

Prosys OPC UA Java SDK is copyright (c) by Prosys OPC Ltd, all rights reserved. This software and accompanying documentation are protected by international copyright law and also by International Treaty provisions. Any use of this software in violation of copyright law or the terms of this agreement will be prosecuted to the best of our ability.

You acknowledge that all rights with respect to Prosys OPC UA Java SDK, including but not limited to, all of Prosys OPC Ltd's and/or its licensors' intellectual property rights therein, are and shall be, the exclusive property of Prosys OPC Ltd and/or its licensors. Nothing herein shall give you any right, title or interest in or to Prosys OPC UA Java SDK or any portion thereof. You will receive no licenses except as expressly granted in this Agreement. Prosys OPC Ltd does not grant you any expressed or implied rights to or under any patent, copyright, trademark, or trade secret of Prosys OPC Ltd. You may not reverse engineer, decompile or disassemble the software.

Any copies and reproductions of any portion of Prosys OPC UA Java SDK or documentation by you shall include any proprietary and statutory copyright notices present in the originals received from Prosys OPC Ltd. Prosys OPC Ltd authorizes you to make archival copies of this software for the sole purpose of back-up and protecting your investment from loss. Under no circumstances may you copy this software or documentation for the purposes of distribution to others. Under no conditions may you remove the copyright notices made part of the software or documentation.

The supplied software may be used by one developer on as many computers as that developer uses. Group programming projects making use of this software must purchase a license for each developer. Contact Prosys OPC Ltd or a reseller for volume discounts and site licensing agreements.

If you have purchased a valid number of developer licenses and also comply with the other terms of this agreement, you may distribute, without runtime fees or further licenses, your own compiled programs based on the components and code of Prosys OPC UA Java SDK, as long as they are part of your end-user application. You may not distribute Prosys OPC UA Java SDK as a stand-alone product, nor to build toolkit or developer tools from it. Your own compiled programs must be integral part of your end-user application and add primary and substantial functionality compared to Prosys OPC UA Java SDK, to be eligible for distribution. Distributing or providing as a service, programs that by versioning, wrapping or interfacing, make possible to use the functionalities of Prosys OPC UA Java SDK, is prohibited. This prohibition includes generic OPC UA server and client programs and software as a service platforms (for example cloud systems). Also you must have your own end-user application. If you use your license as a basis for service business, note that you may not pass the distribution rights herein to your customers. Instead your service business customers need to purchase their own license of Prosys OPC UA Java SDK in order to receive the distribution rights. In case you are unsure whether your application is eligible for distribution, contact Prosys OPC Ltd or a reseller for further information.

You may not distribute any of the Prosys OPC UA Java SDK source code, compiled units, or compiled example programs without written permission from Prosys OPC Ltd. The only exception is `prosys-opc-ua-java-sdk-*.jar`, which you may distribute along with your own compiled programs. You may not use Prosys OPC UA Java SDK to create controls or components to be used by other developers without written permission from Prosys OPC Ltd. Note that the previous restrictions do not prohibit you from distributing your own source code or units that depend upon Prosys OPC UA Java SDK. However, others who receive your source code or units need to purchase their own copies of Prosys OPC UA Java SDK in order to compile the source code or to write programs that use your units.

When you develop your programs using Prosys OPC UA Java SDK, you may distribute `opc-ua-stack-*.jar` along with your own compiled programs as long as you comply with this license agreement and separate license terms of the OPC Foundation. Use of OPC Foundation Java Stack and Prosys OPC UA Java SDK require open source components Apache Logging Services, HttpComponents, Commons Logging Component, Commons Codec, Simple Logging Facade for Java (SLF4J) and BouncyCastle, and therefore you shall comply with respective open source license terms.

Prosys OPC Ltd warrants that the properly installed and used software will in pertinent part function as described in related documentation (except for defects or non-conformities causing minor and trivial deviations therefrom) for a period of 1 year from receipt. If you encounter a bug or deficiency, we require a problem report detailed enough to allow us to find and fix the problem. If you properly notify us of such a software problem within the warranty period, Prosys OPC Ltd will make reasonable efforts to correct the defective software at no cost to you. In case this does not succeed, Prosys OPC Ltd may at his option refund the software license fee. This is the sole remedy for any defects in the software.

To the maximum extent permitted by applicable law, Prosys OPC Ltd and its suppliers disclaim all other warranties, either express or implied, including but not limited to, any warranties of merchantability, fitness for a particular purpose, non-infringement or title, with regard to the software and the accompanying documentation.

Prosys OPC Ltd does not assume any liability for the use of Prosys OPC UA Java SDK beyond the original purchase price of the software. In no event will Prosys OPC Ltd be liable to you for additional damages, including any lost profits, lost savings, or other incidental or consequential damages arising out of use or inability to use the software, even if Prosys OPC Ltd has been advised of the possibility of such damages.

All Prosys product names are trademarks or registered trademarks of Prosys OPC Ltd. Other brand and product names are trademarks or registered trademarks of their respective holders.

These terms shall also apply to any updates, supplement, Internet-based service and support services for the software. These terms may be supplemented or amended by the terms accompanying the items (for example Maintenance Package).

This agreement shall be governed by and construed under the laws of Finland excluding the rules of conflicts of laws of the Finnish legislation. Any dispute, controversy or claim arising out of this agreement shall be resolved in the district court of Helsinki.

By installing or by using Prosys OPC UA Java SDK, you agree to the terms applicable to your edition and license.
